

RESTORE Act Implementation in Texas: Opportunities in the Galveston area

Thanks to the RESTORE Act, Texas stands to receive as much as \$1 billion from fines related to the Deepwater Horizon oil spill for restoration of our state's treasured coastal resources. This is an unparalleled opportunity to bolster our state's natural resources and the businesses and communities that depend on them. Recovery of Texas' fragile and threatened ecosystems is an economic imperative. Not only will restoration strengthen the region's tourism and fishing economies and create tens of thousands of jobs, it will also lessen the potential damage from future hurricanes and flooding. Join us for an in-depth discussion on RESTORE Act implementation in Texas and learn how your community can get involved.

Thursday, June 13, 2013

9:00AM—12:00PM

**Moody Gardens Hotel, Spa and
Convention Center—Salon B
Seven Hope Boulevard
Galveston, Texas 77554**
